

Hi Steve,

9/10/11

Just wanted to tell you what a terrific DJ job you did at my son's (James & Mary's) wedding last Saturday. I thoroughly enjoyed the music and finally got to dance with my husband to a song we both chose after 42 years. At our wedding 42 years ago, the band was chosen by my dad (who paid for the wedding) and were related to him as cousin and friends. My husband and I were victims of circumstances. They were same old, same old songs that were probably played at every wedding. I don't think that band knew more than a dozen or so songs anyway. The song we chose this time, finally felt it made up for the one we would have chosen and didn't have 42 years ago.

We enjoyed the other songs as well, whether we chose them or not. You put together a terrific selection.

Also, the event was so totally enjoyable because the music volume was kept at a "normal" level. Thank you for the wonderful entertainment .

Regards,

Jackie
